

CALENDAR OF XAVIER INQUIRY LEARNING (XIL) PROJECTS

STAGE 4 & 5 SEMESTER ONE, 2021

Xavier Inquiry Learning (XIL) touches the hearts and minds of our students through valuable engagements in lifelong learning.

Students are empowered to self-direct through a learning style which is driven by communication, collaboration, creativity, critical thinking and global citizenship. Students are given a platform to develop a growth mindset in challenging environments, and the opportunity to measure their learning performance through feedback.

Please view the schedule below to gauge when your son/daughter will be participating in an Inquiry Learning Project within their subject areas for Semester 1, 2021.
